

St. Aloysius Preschool March 2025

Themes:

Dr. Seuss Author Study & U
(3/3-7/2025) – As we learn about Dr. Seuss this week we will be exploring imagination. Dr. Seuss had a fantastic imagination and created characters and

settings that didn't exist. This is also Read Across America Week; please look at the other flyer that went home for all our fun days.

How Things are Made

"I" (3/10-14/2025) -

We will look closer at how a variety of things are made. We will learn

the process and what ingredients are used to make bread, chocolate, crayons and a few other items.

St. Patrick's and Rainbows "R"

(3/17-21/2025)

We will learn about St. Patrick and some Irish traditions.

Sometimes that sneaky leprechaun comes to visit. We will also be focusing on colors this week.

Eric Carle Author Study

(3/24-28/2025)- Eric Carle is a popular children's author.

I'm sure you are familiar with at least one of his

books. If you happen to have one of his books at home, we would love the

preschoolers to bring it into school to share with their friends. (Please label it with your child's name.)

Other Information:

Outside Play: We all hope for Spring weather to come quickly but while we are waiting patiently for warmer weather it is still cold for outside recess. Please continue to send in hats and mittens everyday.

VOLUNTEER

Parent Volunteers:

We love to have parents come in to read a story, do a craft or share a talent or occupation with the preschoolers. If you have been CORIed through the school and are interested in any of these activities please send Mrs. McNally an email and we can arrange a date and time for you to come in.

Supplies Needed in

Preschool: The preschool needs baby wipes, paper towels

and Clorox wipes. If you happen to have a spare one around your house we would love the donation.

St. Aloysius Preschool March 2025

Home Suggestions:

Imagination-Just as important as letters, colors, shapes and numbers is the ability to use ones

imagination. Imagination leads to problem solving skills and thinking for oneself. Have your children play make-believe or create a story together as a family. One person can start the story and continue around until you have quite the creation.

PARENTING . . .
STRIP IT DOWN
AND WHAT DO YOU
REALLY HAVE?
A RELATIONSHIP
WITH A UNIQUE,
LITTLE PERSON
GOD ENTRUSTED
TO YOU
TO NURTURE, LOVE,
AND RAISE.
