Friendship Stone Soup: The week of

St. Aloysius Preschool November 2024

Thanksgiving, we would like to make a soup put together by all of our friends. I will assign different soup items for people to bring in for that week. Please be on the look out for that flyer.

Home Suggestion:

Dinner Time:

Dinner time is great time to teach proper conversational skills. If you can't think of a topic then start simple. What's your favorite color or animal or game or TV show? These simple questions can create an entire conversation. Remember to teach about waiting turns, and that a conversation also includes listening not just speaking. Sometimes it's hard for preschoolers to do that listening part. Along with dinnertime conversation, you have set up and clean up which are all things that preschoolers can help with. Dinner can be a family teamwork time.

Working through Struggles: It is very important for preschoolers to learn that not everything comes easy. We as

parents don't want to see our children struggle, but through struggle they learn perseverance and persistence. Please hesitate before jumping in to do things for your preschooler. The opportunity to try something that is hard is more important than the quick solution.
